CHARACTERS & STORY

KRAD

The shape Hiwatari turns into because of a side effect from his family's genes. He has snow white wings. Looks at the Niwa family and Dark as his mortal enemies.

HIWATARI SATOSHI

Junior high student leading the hunt for Dark. Transforms into Krad, who's Dark's mortal enemy. His birth name is Hikari.

DARK

A legendary master thief who hasn't shown himself in 40 years. Seems to be in love with Riku, but...?

SAEHARA TAKESHI

Son to Captain Saehara who's also hunting Dark. Uses his father to gain access to news.

Niwa Daisuke has a weird body: a special gene of his makes him turn into the master thief, Dark, when he thinks of the person he loves. At first Daisuke was in love with Risa but then he noticed his feelings for her twin sister, Riku. And they became a couple. ♡

Risa on the other hand, who is hopelessly in love with Dark, sends out a fake premonition to get a date with Dark. Riku, who's getting suspicious of Dark, asks Daisuke out on a date at the same place, at the same time. The only way to solve this problem is to let With transform into Dark. But...!!

WITH

The Niwa family's pet and Dark's companion. Can transform into Daisuke and Dark. Dark's black wings are With's other shape.

HARADA RISA

Daisuke's classmate. Fell in love with Dark at first sight and rejected Daisuke when he confessed to her.

HARADA RIKU

Daisuke's classmate. Had her first kiss stolen by Dark but she's now involved with Daisuke.

NIWA DAISUKE

Student at Azumano's second junior high in class 8B. 14 years old. A side effect of his genes makes him transform into the master thief Dark.
